Bachelor's Degree in Information Technology (In Progress)

2023 - Expected Graduation: 2027

'Aisyiyah University Yogyakarta, Special Region of Yogyakarta

- Relevant Coursework: Web Development
- GPA: 3.75

PROJECTS

Food Store Website Design. Collaborative Project

Chemical Engineering Course, Second Semester of 2023

- Collaborated with a team to design the user interface and user experience (UI/UX) for a food store's website, focusing on simplicity and accessibility.
- Utilized tools such as Figma for prototyping and creating a visually appealing layout tailored to the brand's identity.
- Worked closely with team members to incorporate features like product galleries, an interactive menu, and a contact form.
- Gain experience in teamwork, project management, completing coursework, and meeting client requirements.
